The above information provides an overview of the tuition commitment to St. John Fisher School for the 2009-2010 academic year. **To ensure registration for next year, a non-refundable Textbook/Registration fee of \$200.00 per child is due no later than Tuesday, March 31, 2009 once enrollment has been officially confirmed.**

Criteria for Parishioner Rate

This rate is available to those who are registered with St. John Fisher Parish, attend Mass and parish events on a regular basis, and support the Parish through identifiable weekly or monthly contributions (via Church envelopes or Pre-Authorized Bank Debit); in addition, the family must have completed the annual parish pledge/commitment card.

In order for families to be considered for "Parishioner Rate" tuition for the following academic year, they must be registered with St. John Fisher Church by December 31st of the current school year.

Actual Cost Per Student

The actual cost to educate each student during the 2009-2010 school year is \$6,303. The "Parishioner Rate" is less than both this amount and the "Non-Parishioner Rate" chiefly due to the subsidy that St. John Fisher Church provides to the school operating budget based on weekly Parish and Catholic Education collections.

Note: Any family who is able to fund their child/ren's education at St. John Fisher School at the full \$6,303 per student level is able to receive a tax deduction for the difference between this actual cost and the formal tuition rate listed above. More importantly, any additional tuition dollars received will go directly to our Tuition Assistance Fund. This fund provides much-needed financial assistance to those families who otherwise would be unable to afford a Catholic education and attend St. John Fisher School. Any contribution to this cause truly makes a positive difference and is most appreciated.
